PROFESSIONAL SUMMARY

Remote WordPress developer, Elementor Pro expert and UI/UX designer with 4+ years of experience and 100+ delivered projects for clients across the UK, USA, Qatar and France, spanning hotel booking systems, e-commerce, business/portfolio sites and SaaS platforms. Full end-to-end WordPress skillset: design, development, SEO, speed optimization and security. Currently expanding into front-end and full-stack development with HTML5, CSS3, JavaScript, TypeScript, React and Next.js. Proven remote team leadership, strong client communication and a problem-solving mindset.

CORE SKILLS

WordPress & CMS	WordPress, Elementor & Elementor Pro, WooCommerce, custom theme customization, plugin integration, hotel/booking systems
E-commerce	WooCommerce, Shopify store design & development
Front-End (growing)	HTML5, CSS3, JavaScript (ES6+), TypeScript, React, Next.js
Design	UI/UX design, Figma, responsive & mobile-first design, Canva
Performance & SEO	On-page SEO, Core Web Vitals, site speed optimization, caching, image optimization
Security	WordPress hardening, malware cleanup, backups
Tools	Git, GitHub, VS Code, Chrome DevTools, cPanel, phpMyAdmin

PROFESSIONAL EXPERIENCE

WordPress Developer • SEOSkit — Present • 1+ yr

- Build and maintain WordPress websites with a focus on speed, SEO and conversion-ready design.
- Collaborate with the team to deliver client sites end-to-end, from design to deployment.

WordPress Developer (Part-time) • Arteousbd — Ongoing

- Deliver WordPress and Elementor builds for clients alongside full-time work.

Elementor Expert • Ruwaifi Studio Ltd — ~6 months, project-based

- Designed and developed custom Elementor Pro websites from client design briefs.

WordPress & UI/UX Designer — Team Leader (Remote) • RankUp, UK — ~3 years

- Led remote development work for a top-rated freelancer/SEO expert's client base across the UK, USA, Qatar and France.
- Owned design, development, SEO optimization, speed optimization, security setup and malware cleanup for 100+ projects, including hotel booking systems, e-commerce and SaaS sites.
- Mentored and coordinated a remote development team, ensuring consistent delivery quality.

Email & Live Chat Support Associate • ShopUp — ~1 year

- Started in live chat support and was promoted to the email support channel for strong customer communication.

Email Support Associate • Grameenphone Bangladesh — 8 months

- Handled customer email support for Bangladesh's leading telecom operator.

SELECTED PROJECTS

- Hotel Booking Website (Qatar) — Responsive booking system with third-party integrations, built with WordPress & Elementor Pro.
- E-commerce Stores — Product catalog, checkout and performance tuning using WooCommerce and Shopify.
- Business & Portfolio Sites — Brand-focused, conversion-driven WordPress builds designed in Figma.
- SaaS Landing Pages — High-performance, clean UI/UX pages for SaaS clients.

Full project list available on request or at the portfolio link above.
